

PIMIENTO

For nearly 10,000 years, the South and Central Americas have worked to perfect the chili pepper, one of the world's oldest cultivated crops. Upon sampling his first chili in 1493, Christopher Columbus called it "pimiento," Spanish for pepper. Their popularity surged in the years following, as seafaring traders shared chili seeds all over the world. They're still making their way all across the sea, as we sail to 280 destinations, using chilies to enhance dishes onboard every ship.
