Farewell

The Master of Celebrity Summit, Captain Alex Papadopoulos and the entire crew wish all of our guests a safe arrival to your final destinations. It has been a pleasure serving you.

We bid a fond adieu to you all and look forward to welcoming you back on board one of our Celebrity Cruises' vessels in the very near future. Have a pleasant trip home.

Cape Liberty Cruise Port

Cape Liberty Cruise Port is located on the New York Harbor in Bayonne, New Jersey, and is just seven miles from New York City and three miles from Newark Liberty International Airport. Its waterfront location and convenience to the Big Apple allows visitors easy access to everything New York City has to offer along with providing visitors access to the historic roots of Northern New Jersey.

Brief History

Before the arrival of Europeans, Bayonne was the home to Leni Lenape Indians. Dutch settlers arrived in the 1600's after the explorer, Henry Hudson, sailed past the future site of Bayonne, and claimed the area for the Netherlands. Bayonne was known originally as Bergen Neck, located south of the Dutch settlement of Bergen, the predecessor of Jersey City. The area came under British rule in 1664 after they defeated the Dutch. During the American Revolution, British and American forces clashed at Fort Delancey in what is now Bayonne.

Bayonne residents and their ancestors moved to the city from many parts of the world. During Colonial times and the first century of the American Republic, the Dutch, British, and Africans were the first groups to arrive after the Indians. Subsequent waves of immigrants came from all over Europe, especially between the 1880's and the 1920's. In recent decades, Latin American, the Middle East, and Asian and Pacific countries have also

been sources of immigration to Bayonne. Each group has left its mark on the cultural, religious, and political life of the community.

Highlights

Cape Liberty Cruise Port is the first new cruise port in New Jersey in 40 years. It offers guests outstanding views of New York Harbor, the Verrazano Narrows Bridge, the Statue of Liberty and lower Manhattan. Main highlights include:

- **Statue of Liberty:** as a symbol of democracy and freedom, the Statue of Liberty is recognized around the world and is synonymous with the United States. You can reach Liberty Island by ferry, departing from Jersey City, New Jersey.
- **Ellis Island:** from 1892 to 1954, the island was the gateway for more than 12-million immigrants to the United States. Be sure to visit the Ellis Island Immigration Museum.
- **Liberty Science Center:** located in Liberty State Park in Jersey City, New Jersey, the Liberty Science Center features hundreds of interactive exhibits, shows, demonstrations and the nation's largest IMAX Dome Theater.
- **Bayonne Bridge:** is one of the longest steel arch bridges in the world. It's not only impressive in size, but also in looks. When it opened in 1931, the American Institute for Steel Construction named the bridge the 'Most Beautiful Steel Arch'.

In Celebrity's continued effort to Save the Waves, we are no longer delivering the Guest Questionnaire to staterooms. All sailed guests over the age of 18 who have provided us with their email address will now receive an email invitation to participate in an online survey on the day of departure. You will have one week to complete the survey after leaving the ship. The survey works on smartphones, tablets, laptops and other computers and takes approximately 10-15 minutes to answer.
