# The Officer's Daily Log

By Executive Chef Shaun Candon

## Meet Executive Chef Shaun Candon

Executive Chef Shaun Candon began his culinary career in the British Army catering corps. He later traveled the world, working in London hotels and eventually gaining a position as a Sous Chef in Papua New Guinea where he feels it was the first step into his Culinary Odyssey which has taken him around the world and back for the past 31 years.

Following further adventures in Asia, Africa, Europe and the Middle East, Chef Candon pursued his passion for travel and embarked on a life at sea where he has worked for the last 12 years on some of the biggest Cruise Liners in the industry to date which has ultimately conditioned him for his greatest honor being selected for the Royal Princess opening team.

When he's not preparing fresh and flavorful meals onboard, Chef Candon enjoys spending time with his three children Emma-Lee, Bradley, Destiny and his partner Annie, island hopping around the Philippines and Malaysia, as well as practicing the Korean Art of Taekwondo and remaining on staff with the British Army Reserve Forces.

Enjoy your day in St. Thomas, an island full of fascinating places to see beyond its beautiful beaches. Colonial manor houses and 17th-century Blackbeard's Castle Tower let you step back into history. A skyride to the top of Paradise Point offers you a commanding view. And a visit to Charlotte Amalie, the capital of the U.S. Virgin Islands, gives you some of the Caribbean's best shopping opportunities for local handicrafts and global imports.

It's been my experience while sailing the world that the personality of a region comes through clearly in its cuisine. The distinctive flavors of the Caribbean are no exception. The Virgin Islands climate produces a wealth of exotic fruits, including mangos and papaya. In addition, fungi, a combination of boiled cornmeal and okra, is an island staple. You can get a taste of these dishes and other traditional fare during your visit to St. Thomas, as well as through the regional dishes we prepare from scratch during our voyage.

On the ship, my dedicated team of 296 crew members is always busy slicing and dicing, baking and cooking up a feast for the senses. It is my pleasure to ensure that each meal you enjoy on board is an experience to remember. Vacation is a time to relax and relish the good life, and we take pride in preparing fresh and flavorful cuisine with passion and care. *Buon Appetito!*

## From the Navigator

On passage from Princess Cays towards St. Thomas Royal Princess continued on her southeasterly courses towards St. Thomas, U.S. Virgin Islands. Passing to the South of Saba Island, we will embark our local pilot and continue into the channel and on to our berth in Wico, Charlotte Amelie.

With all onboard, Royal Princess will set a southeasterly course towards St. Maarten.

## Ship's Security Notice

In order to prevent unauthorized persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government-issued picture ID with you before leaving the ship as you will be required to show this at security checkpoints upon your return. Do not accept or bring onboard any parcels or packages from strangers. Before boarding, you may also be asked by our Security Staff to open parcels or handbags which you are carrying.

## Security Screening

All passengers returning to the ship must pass through security screening. Objects containing metal such as mobile phones, cameras, binoculars, reading glass cases, large belt buckles, batteries, electrical devices, etc. will cause the walk through metal detector to alarm and delay entry onto the ship. Such items need to be placed into the trays provided before you pass through the metal detector. Passengers with, for example, surgical metal implants, large amounts of metal jewelry, metal shoe stays, etc. may need to undergo further screening, e.g. hand-held metal detector or "Pat Search."

**5:30pm - All Aboard! Royal Princess sets sail shortly after.**
