Moped and Motor Scooter Advisory - Guests are strongly discouraged against renting mopeds or motor scooters in ports-of-call. Unfamiliar surroundings, unusual traffic, weather conditions and different rules of the road may result in a serious traffic accident. You may wish to consider an organized tour or taxi instead.

Helpful Health Information - With seasonal viruses appearing in the United States, Europe and around the world, Royal Caribbean International, working in conjunction with the Centers for Disease Control, has instituted enhanced cleaning procedures onboard all its ships. You will likely see some of these activities during your cruise vacation. Medical experts strongly suggest travelers pay close attention to washing their hands. The experts tell us that the best way to prevent colds, flu and gastrointestinal illnesses is to simply wash your hands thoroughly with soap and hot water after bathroom breaks and again before eating anything. Your cooperation and assistance with this matter would be greatly appreciated.
