

PRINCESS PATTEN

A daily guide to cruise activities 

BARBADOS • FRIDAY, FEBRUARY 13, 2009 • EMERALD PRINCESS
Sunrise 6:23am • Sunset 6:02pm • Tonight's dress: Tropical

Welcome to Barbados

Barbados is one of the few Caribbean islands solely colonized by one nation. No wonder Bajans describe their country as being "more English Sheself", that names like Worthy and Hastings abound, or that you will find a Trafalgar square. But look around and you know you're not in England, rich and fertile tropical fields meet a glistening azure sea. The soft pastels of old chattel houses blend with the vibrant reds, oranges and greens of road-side fruit stands. In short, Barbados exudes a charm all its own. Perhaps it's due to Bajan culture that celebrated blend of English tradition and the African heritage brought to the island by slaves imported to work the sugar plantations. The resultant mix makes a potent brew flavoring every aspect of island life from music, dance, art, religion, language and food.

Spotlight On... Crown Grill

An evolution from previous ships' Sterling Steakhouse concept, the ship's Crown Grill is unique and features a brand new menu, offering Live Maine Lobster and Brazilian Lobster tail as well as traditional steakhouse fare. This showplace eatery will entertain you with an open, theater-style kitchen where chefs custom-prepare steamed shellfish - such as scallops, clams, mussels, countless other seafood platters and combinations - and cooked-to-order prime center Sterling cut steaks and chops. You can choose to sit at the kitchen's eat-up counter and watch the show as you dine. Larger than the previous steakhouse venues, this 160-seat restaurant features rich décor, leather appointments, wine display cabinets and the privacy of booths as well as tables and counter seating. (Fees apply).

FROM THE NAVIGATOR

Early this morning we passed between the Islands of Martinique and St Lucia which are part of the Leeward & Windward Islands chain before altering to Starboard and setting a direct South Easterly course for Barbados. We boarded our local pilot by boat and proceeded to our designated berth. Late in the afternoon we will manoeuvre clear of our berth before setting a Westerly course to clear the navigational channel. Upon disembarking the local pilot we will alter to the North West and commence our overnight cruise to St Kitts.
