

Welcome aboard Norwegian Epic. We are excited that you have chosen to spend your vacation with us. To make sure you have the best and safest time possible, please check out these helpful tips:

- Make sure at least one 21 year old is in every stateroom.
- While in a US port or within the territorial waters of a US state, the minimum drinking age is 21 years old for all alcoholic beverages, and outside of US territorial waters (3 miles), the minimum drinking age is 18 years old for Beer and Wine, with the written consent of a parent traveling on the vessel. Without written consent, the minimum drinking age is 21 years old. A waiver form can be completed by one of your parents at the Guest Services Desk, located on Deck 5 midship.
- In an effort to alleviate any inconvenience please make sure to have your picture identification available for all alcoholic beverage purchases.
- In our constant effort to ensure compliance with responsible alcohol service practices, it is important to remind you that only two alcoholic beverages per person can be purchased at one time.
- You must be 18 to gamble.
- Spice H2O is an adult only venue until 8:00pm.
- Bliss Lounge becomes an adult only venue after 10:00pm (Unless otherwise stated).
- A curfew is in effect and guests under the age of 18 are not permitted in public areas, unless with their parents/guardians or in an organized youth activity, after 1:00am.
- We want you to have a good time, but don't want to disrupt anyone else's vacation, so please try not to scream, make too much noise in the staterooms or run through the halls and other public areas.
- Don't jump or dive in the pools. And remember that deck lounge chairs cannot be reserved for more than an hour.
- It's resort casual in our dining rooms and specialty restaurants, so please dress appropriately.

That's it. Just enjoy your cruise and have the best Freestyle Cruising® experience possible.
