DAILY PROGRAMME

CUNARD

QUEEN VICTORIA — VOYAGE NUMBER: V214

Sunday 10 June 2012 — Tonight's Dress Code: Semi-Formal

AT SEA EN ROUTE TO CEPHALONIA

TIME CHANGE

You are reminded that early this morning the clocks were moved ONE HOUR FORWARD to GMT +3. There will be no further time change this evening.

FROM THE NAVIGATOR

QUEEN VICTORIA continues her east-bound crossing of the Mediterranean Sea today, with the south-west coast of Sicily abeam to port just after lunch time. Throughout the afternoon we set a south-easterly heading to follow the south coast of Sicily, rounding Cape Passero in the early evening which marks our entry into the Ionian Sea. From here we alter course to port and steer easterly headings towards the island of Cephalonia.

SUNRISE AND SUNSET

Sunrise: 7.04am / Sunset: 9.18pm

NAUTICAL FACT OF THE DAY

THE NAUTICAL CHART

In general terms, two types of charts are produced for use navigationally: Mercator charts (on which rhumb line courses appear as straight lines) and gnomonic charts (on which great circles appear as straight lines). In general navigation terms, ships steaming from one place to another across the sea steer rhumb line courses, with gnomonic charts used only when wireless and direction-finding bearing (which travel in great circles) need to be plotted.

CHURCH SERVICE

At 10.15am
Royal Court Theatre, decks 1&2, A stairway

Captain Peter Philpott will be conducting an interdenominational church service this morning. A collection for Marine Charities will be held after the service.

TONIGHT'S FEATURED ENTERTAINMENT

MASTER MAGICIAN

BRETT SHERWOOD

At 7.00pm and 8.30pm

Brett Sherwood makes these extremely technical and demanding manipulations appear effortless and beautiful.

HEALTH ADVICE

In order to prevent any incidence of viral gastroenteritis (diarrhoea and vomiting) on board, we would respectfully advise our guests to be careful with their personal hygiene, particularly hand washing frequently throughout the day. If eating and drinking ashore please look for an establishment that appears well maintained and clean and stick to food that has been freshly and properly cooked. It is recommended that you do not eat salads which are often washed in local tap water and that you drink water only from unopened sealed bottles. Also please avoid drinks with ice Should you experience any symptoms of vomiting or diarrhoea, please report this by telephone immediately to the Medical Centre from your stateroom by dialling 999/911. We ask for your cooperation to prevent further cases of this illness and recommend that when practical you use the bathroom in your stateroom

WATER CONSERVATION

Water is a very precious commodity on board ship and we request all guests to take extra care in avoiding any wastage. Please do not let taps run unnecessarily and report any leakages to your stateroom staff.

ENVIRONMENTAL NOTICE

Please be advised that Cunard has an Environmental Policy, and has been awarded ISO 14001 certification. Cunard is committed to the protection of the Marine Environment. Guests are kindly reminded that nothing is to be thrown overboard either at sea or in port. Some of the countries we visit will fine the ship heavily if anything is thrown overboard into the water. Guests are also kindly requested not to feed the seagulls or marine life from their balconies or the open decks. Please do not take any food ashore with you, as this is prohibited in many countries and may also incur you a fine. Please do not dispose of any chemicals, down the sinks or toilets and try to use up all shampoo and detergent bottles before disposing. This helps our recycling policy. Plastics, metals and paper are a few of the commodities that we try to recycle where possible. Your assistance
