A Date with Lady Luck

The excitement of Las Vegas meets the relaxed, casual ambience of Ruby Princess in the Casino. Drop by and try your hand at a variety of games of chance — who knows, you might be the next big winner!

You'll find everything you'd expect of a world-class casino. There's an enticing assortment of popular table games with Las Vegas-style rules including craps, roulette, blackjack, Caribbean Stud, Let It Ride, and Three Card Poker. You can choose from video poker, slots, and novelty machines — many of which have progressive jackpots and you could even win a BMW at our 2 cent slots! And there's no need to bring cash — you can charge up to \$1,500 per day and up to \$15,000 per cruise to your onboard account for casino use.

And of course, for those guests looking for a more social experience, Bingo is also offered daily. Check the Princess Patter for details.

Discover Cozumel

Known to the Mayans as the Island of the Swallows, Cozumel is the gem of the Mexican Caribbean. Crystal clear waters make it one of the Caribbean's best diving and snorkeling spots. Popular attractions include the fabled Dos Ojos ocean caverns and Chankanaab National Marine Park, where you can swim with dolphins or watch sea lions. Many visitors also head to the mainland to see the dazzling Mayan ruins of Tulum. Stop by the Tours Desk if you'd like to join a shore excursion here.

From the Navigator

Once we weighed anchor yesterday evening, and all our ships tenders were recovered and secured for sea, we set a North Westerly course crossing the Caribbean Sea during the night, making way toward Mexico. In the early hours of the morning we rounded the north end of Isla Cozumel before making our final approaches to our berth.

Cozumel, which is Mayan for Island of the Swallows, is an island off the eastern coast of Mexico's Yucatan Peninsula, opposite Playa del Carmen. It is one of the eight municipalities of the state of Quintana Roo. Cozumel is a popular tourist destination renowned for its scuba diving.

Princess Sudoku

Solving a Sudoku puzzle can be rather tricky, but the rules of the game are quite simple. The objective of Sudoku is to fill the 9*9 grid so that each column, each row, and each of the nine 3*3 boxes contains the digits from 1 to 9 only onetime each.

Ship's Security Notice

In order to prevent unauthorized persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government issued picture ID with you before leaving the ship, as you may be required to show this at security checkpoints upon your return. Be aware that we have established a secure area around the vessel and our security procedures require that you must be prepared to show your cruise card when entering this area, in addition to showing it to the security staff at the gangway when leaving or boarding the ship. We kindly ask you not to accept and bring on board any parcels or packages from strangers. Before boarding the ship, you may also be asked by our Security Staff to open parcels or handbags which you are carrying. We are sure that you will appreciate that this security is in the best interest of all concerned. The Local Authorities have advised that no fruit, foodstuff or flowers and plants are to be taken ashore.
