## Welcome to St Lucia

Arrive: 8.00am

Back on board: 5.00pm

St Lucia has a fascinating if bloody history with the French and British spending years fighting over it. One look at this luscious island will show you why. Cloaked in verdant rainforests, its skyline dominated by the dramatic twin peaks of Les Pitons and its gardens a riot of hibiscus and bougainvillea; St. Lucia is the epitome of a Caribbean paradise. Here you can watch parrots and hummingbirds skim through the trees, bask on beautiful beaches, visit charming fishing villages, view stunning volcanic scenery and glory in the Caribbean's best botanical gardens. If it is your first visit, an island tour to the dramatic Soufrière volcano will show you the island's full beauty.

## Shipboard Information

### Ship's Security Notice

In order to prevent unauthorised persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. It may be prudent you also have a Government issued picture ID with you before leaving the ship, as you may be required to show this at security checkpoints upon your return. Be aware that we have established a secure area around the vessel and our security procedures require that you must be prepared to show your cruise card when entering this area, in addition to showing it to the security staff at the gangway when leaving or boarding the ship. We kindly ask you not to accept and bring on board any parcels or packages from strangers. Before boarding the ship, you may also be asked by our Security Staff to open parcels or handbags which you are carrying. We are sure that you will appreciate that this security is in the best interest of all concerned.

### For your personal safety - Think safe when ashore

Passengers are advised to keep to the main tourism areas and are vigilant whilst ashore. We recommend that you do not wear excessive amounts of jewellery or expensive watches and keep all hand or beach bags close to your body. We do not encourage you to take large amounts of cash or currency ashore with you or your passport, if not required.

### Minors under the age of 16 going ashore

Unaccompanied minors who go ashore / disembark are at a greater safety and security risk. Upon scanning of your cruise card at the gangway, the system will flag minors under the age of 16 by sounding an audible tone and highlighting the individuals age. An affirmative check that the minor is accompanied by an adult will be made to allow the minor to leave the ship. If necessary, assistance will be provided to the minor to locate a family member or other responsible adult.

### Vantage Benefits

2013 sees the new pricing strategy launched with the Vantage Fares, it gives you the flexibility and benefits you expect from P&O Cruises. With all our new Vantage Fares protected by the price promise, they offer the best option for a great cruise with 100% peace of mind. Speak to Helen and Verity today to find out more.
